Chapter 1 by kayla eileen

~1~

Three voices two people

"Mary?" The Voice said "Get up ... Mary he needs you."

"Mmm." I tried to speak, but could not.

"MARY!" Another voice yelled to me. "MARY GET UP! Please please God let her live." He prayed. I open my eyes and see blood, and then I hear an ambulance coming my way, but I go in and out of consciousness, as I try to stay awake the same voice before the one yelling said "That's my girl. Keep trying. Keep going. Don't give up so easy." Who was that? "My Dear it's me your Mother." The voice told me. My Mother!? It can't be my Mother, my Mother died when she gave birth to me. "I never left you Mary. I am here to tell you to fight death, and live on. This world needs you to live. Be the woman I know you would be from the start," The voice said. This voice can read my mind? "Yes it is the only way for me to talk to you. I am not human. I am a

spirit that will, for now, show you the way. The voice told me. "You need to fight death and win your life. The man next to you needs you very much."

I wake up to a hand on my hand. "Mmm" I try to speak but my throat hurt too much, so I open my eyes there is no more blood that I could see. Some one's head jolted up and looked at me when he heard me try to talk. He had long-ish brown-blond hair,a handsome looking face,his eyes was red, and watery from crying after a few minutes of not crying and just looking at me His eyes was back to being a off green-blue-brown.after a long time of no one talking he asked me "H- Hey do you remember me?" I look at him over once more then after a few more minutes I said " I-I-I don't know." He looked at me then back at the floor then at me once more and said "I am Aaron your well." He is shy on top of his looks " I am your boyfriend. Do you know where we are?" he asked. I looked around and said " I know where we are but not how I got here I don't remember a whole lot from the time was out and heard someone yell my name."

"O-O-O-Oh, then let me tell you what happened." He said ,so I noded. "One minute we were walking in the park, the next minute a gun went off three times and then you fell. Some one had seen what had happened and called 9-1-1... T-There was so much blood ... I...I was so scared that I may lose you." Then he starts crying once again. " Aaron I am ok see I am living and remember you now, and some of what you said." I told him.

"I know Mary I am just so happy that you are going to be ok." he told me as he cries.

"You want to know what else I know?" I asked him.

"Ok," he replied.

"I know you are shy at times, but what you keep on the inside is a badass that does not cry and I am ok now so you can stop crying for me, please." I told him, he stopped crying.

"Ok. I will stop." he said and dried his eyes, and kissed me on the forehead.

"What was that for? You never kissed me. Not even once." I asked him as he looked at me I could see that he was blushing.

"I just thought if I could not cry then I would give you a kiss you on your forehead" as he said this he blushed more. Seeing him blush made me blush a little. And it was to tell myself you're ok and that you will be fine.

Finding out

A few days after I got shot I was aloud to leave the hospital, so I called Aaron to see if he could pick me up.

“ Hey Mary when can you come home?” he asked when he answered.

“ I can leave today, I was calling to see if you could pick me up and bring me home, I still can't drive myself for a few more weeks.” I answered him.

“ Yeah I am open all day so when do you want to leave there?” he asked.

“Soon as you can pick me up.” I told him.

“ Ok. I am on my way. I will be there in 20 minutes, ok?” he told me.

“Yeah sounds good,” I say to him “See yah then.” As we walk out of the hospital about 20 minutes later the sun warmed my face... Then I remember what happened last time I was outside that I got shot, and then I froze.

“Mary? Are you ok?” Aaron asked as he walked back to me.

“I-I don't know... last time I was outside I... got shot.” I said weakly. when Aaron heard that he hugged me and said “I know, it is ok I will make sure it will never happen again,ok”

“Y-Yeah,” I said back to him as my put my head into his chest. I forgot how tall he was. “Marry sweetheart I'm not as dead as you thought.” My Mother's voice told me, “Meet me at the lake where your father took you when you were ten. I will be there waiting.”

“Hey, um Aaron could you bring me somewhere?” I asked.

“I said I would, home right? Like you asked?” Aaron answered.

“Not home but to a place I have not been for a long time, please.” I pleaded.

“Thank you.” I said.

time of him thinking

"So where too? Marry" Aaron asked.

"Um Mount Cook please," I told him.

"MOUNT COOK ! You have been to Mount Cook!" Aaron looked really surprised. Mount Cook was a magical place in New Zealand only people with blood of royalty can get to it.

"What?" I am related to the princess on my others side," I told him.

"You mean I I'm dating r-r-royalty!" he asked still a little shocked.

"Yeah believe you are. My dad told me my mother fell in love with a farmer of the castle, and my grandmother did not like this. You see, she kicked my dad out, and kept my mother out of sight, so then her younger sister married a prince, and my mother ran away and married my father. You could say my mom was going to be queen and I would be queen after her, but she told my dad about a week before I was born that she wanted my name to be Marry Willow Lydell. My Dad agreed ,but he always called me by my first name.Then she said don't tell my mother that I have had a baby before my sister. My mother never wanted me to have an arranged marriage all she wanted for me was to live a normal life, and I have she also told my dad that once I was 5 to tell me all of this and that someday I will be queen because I was born first and my mother was first born, but I would have to be married before layla ls." I told Aaron the best way I could.

"Oh..." Aaron mumbled. The look on Aaron's face was sad. " S-so you're just dated me hoping I would ask you to marry me?"

"AARON !" I yelled as I pushed him away from me,and the tears started to fall from my face. " I don't want to be queen! Fighting over a crown and who's who's kid! It is not the life I want Aaron! My mother gave me a new life so I can choose what I want, and I don't want to marry till me and the person I am with is ready! I love the pace we are going with this relationship, and I'm not dating you because of that...I'm dating you because I love you!, and nothing could change that."

"Marry I I did not mean to make you... I did not think about before I said it, and I-I love you the way let's go!"

"Yeah ok" I replied as I wiped my tears away, and we got into his old black cadillac. For half of the ride not one of us spoke, so I asked him if I could turn on the radio, and he said yes. I turned the radio on and the song playing was his and my song. I turned on the radio by Reba McEntire, I smiled thinking when he shyly asked what the song was, so I said well the one I was listening to when you asked me out of course. Then I heard a humming sound from Aaron.

"Haha Aaron can you sing?" I asked.

"Oh you heard me." he said shyly.

"Yeah but I asked you if you could sing?" I asked once more.

"Just a little, but I'm not that good." he said.

"Then sing with me Aaron please" I begged him. till he said okay.

"Try to call, twitter me, text until your fingers bleed. Oh! the D.J's the only way you're ever gonna hear from me. If you're reminiscing, and you're missin' me this much, And you really wanna stay in touch. Well if you hear me on the radio!

You wanna turn me on, turn on your stereo. You can sing along, while they're playin' my song. How you done me wrong, Baby crank it up! Until you blow the speakers out your Chevy truck. So listen Romeo, when you're feelin' kinda lonely,

Let me tell you where to go. Turn on your radio!" we both sang have a good time, so I hooked my Mp3 player to my speaker and played all of Reba's songs, till we got to Mount Cook's police guards, only one who knew that I was born, and that I have been here once before... Pall. Pall was skinny but he was strong, healthy, the leader of the royal guard now, and most of all my dad's best friend. Pall walks up and taps on the window.

"Marry? what do I do?" Aaron whispered to me.

I rolled down the window he knows me his name is Pall he will let us in just do what he says. I whispered back. So he rolled down the window.

"Yes Pall it's me" I told him. "long time no see can we get though"

"Yes, but who is this?" Pall asked.

"Pall this is my boyfriend Aaron he's fine to come in right?" I asked.

"Um Yes long as you stay by him the whole time" he told me.

"Yes Pall oh pall don't tell my dad I here please" I asked him.

"Okay Marry only this time" Pall said "Oh Marry it was good seeing you have a nice day"

"You too bye" I said back to him. Then he told the other guards to let us pass.

3.

{Lonely}

As we parked I see a wolf pup and a mother wolf." It's okay marry their my little helpers they will take you to the place I am."my mother voice told me. I get out before Aaron could tell me to stay in the car I will find a new place to park. As I got out the mother wolf snapped its head to look at me so did the pup. I stand still hearing my heartbeat faster. The wolf pup looked at it's mother then back at me like it want's to know what it's mother would do. The mother was white, I looked closer, I could see the pup was a light gray, and then I see a black shadow lurking behind them. The shadow came out into the light it was a black male wolf, and he came up to me and I think, I think the black wolf bowed down to me, then the white wolf and gray pup did the same. I look back at Aaron still in the car, then back at the wolf's in front of me.

"Umm hello" I say quietly, as I bow back to the wolfs. the black wolf looked up at me.

"My lady, can you understand me?" the black wolf said.

"D-Did you just talk to me" I asked surprised.

"yes and I will take your response as a yes" the wolf said. "my name is Lone Fire, this is my wife scarlet band and are only girl, my sister's died as soon as they was born she is the only one left and well I knew she would be a good hunter so I kept her."

"Well nice to meet you lone wolf, scarlet bane, and magic hunter, do you know why I am here?" I asked.

"My Lady... My Lady" Magic hunter said.

"Hmm yes Magic hunter" I said.

"My Mom and Dad are your guardian angels, well guardian wolfs, But I am your friend, and your new guardian please follow me. My Mom and Dad will watch after the boy you came with." Magic hunter said. "all you need to do is to follow me I will lead the way."

"o-oh alright then let's go, Lone fire? Could you be um make sure he is okay, and not too scared he's my boyfriend, and has been for three years so play nice. Make sure nothing happens to him, if something does you don't want to know what will happen to you." I say maybe a little over protective.

"Now I know why the queen asked us to protect him and bring you to her" lone fire mumbled to himself.

"What was that?" I asked.

"Nothing my lady," he answered "Now go with Magic Hunter." Why am i even here?, and Why am I even following what this voice tells me to do? and Why can i take to wolfs!? Magic Hunter run ahead and rolls in the open field of the woods near the edge of Mount Cook and she is a giggling and talking to herself like she is trying to remember where to go. After ten minutes of walking Magic Hunter just stops and stop giggling a fooling around.

"Well here we are the leader is over there by the water's edge," Magic Hunter told me.

"thank you so much," I say looking at the water's edge and see a woman with long black hair and a long white dress that goes down to her feet.

"Do you want me to go with you?" Magic Hunter asked.

"N-No I have to do this on my own."

"You mean who was she, scarlet bane?" Magic Hunter asked. "No, she is my mother...Marry she is lady in the lake now for 15 years and I want to know why she is here. The only non-spirit thing she can be is well are alpha wolf!" Magic hunter said to me.
